

Minnesota Water Quality Association

Benefits and Service

The Minnesota Water Quality Association is a statewide trade association representing the household, commercial and industrial water quality improvement industry. MWQA sees its role as a catalyst to constantly upgrade the standards of the water treatment industry and the qualifications of its members. The MWQA assists consumers by providing information about water quality alternatives. Consumer questions are answered by the MWQA office daily. In addition, educational brochures and pamphlets are available along with a list of MWQA members throughout the state.

Visibility

Expose your business to a wider audience of consumers and commercial business in need of water treatment.

Committee Involvement

MWQA committees include board of directors and membership, event planning and government affairs.

Referral Program

MWQA will refer new customer inquiries 24/7. With a state of the art enhanced website, customer searching tools, dealer location and search engine enhanced placement, MWQA is more effective at growing your business through increased visibility.

Public Relations

By actively getting involved with MWQA the industry gets a larger voice in government and can make influence in favor of our industry.

Online Newsletter

Keep up to date on the state of the industry and what the association is doing for you. MWQA keeps an active open communication network to its members.

Annual Events

MWQA offers a host of events throughout the year including water treatment installer exam prep classes, state of industry for business owners meetings and annual trade show/training events.
